

HERE'S the crux of what we are pushing for:

“Social inclusion” is a process which ensures that those at risk of poverty and social exclusion gain the opportunities and resources necessary to participate fully in economic, social and cultural life and to enjoy a standard of living and well-being that is considered normal in the society in which they live. It ensures that they have a greater participation in decision making which affects their lives and access to their fundamental rights.

- from *Part 1, Preliminary (Interpretation) of the proposed Social Inclusion Act.*
